	All Teams	<b>Time</b>	19:30

---

As communicated in today's drivers meeting, the text in "Driver & Team Meeting Notes – Qualifying – Red Flag" has been amended as follows:

Per the Regulations, a driver who causes a **Red Flag** during qualifying will have their fastest lap removed from scoring. Also, if the red flag occurred because a car had to be recovered from the gravel trap at turn 6, that driver may also be assessed a five-grid spot penalty. The grid spot penalty will be assessed after the driver's fastest lap has been deleted from the timesheet.

Scott Goodyear

Race Director
