

Ligier JS F4 Series

Road America

16 – 19 May 2024

From	The Stewards	Document	Stewards Memo No. 3
To	All Team Managers	Date	1 June 2024
	All Teams	Time	13:00

It has come to the attention of the Stewards that, during Round 4 of the Ligier JS F4 Series, car 28 (driven by Drew Szuch for Szuch Racing) lost its transponder and was not credited with completing all laps of the race by the timing and scoring system. After consultation with the Race Director and the Chief of Timing and Scoring, the Stewards direct that the classification for Round 4 be amended to reflect that car 28 completed 11 laps and finished in 9th position, and that the finishing positions of the remaining cars be adjusted accordingly. Championship points for drivers and teams will also be amended.
